By Emerging Technology   In Artificial Intelligence Technology, Emerging Technology Report, Innovation, Uncategorized   21 Comments

More than 80,600 startups in the Artificial Intelligence emerging technology space.

Artificial Intelligence Emerging Technology Startup #1

Let's take a deep look into a startup key player: DeepMind

What does DeepMind hold in the Artificial Intelligence emerging technology space?

- 33 conference data sources
- 9 scientific journal publications
- 647 news publications

Newsworthiness

Artificial Intelligence is Everywhere Today
"Google's DeepMind doesn't have to be profitable yet. It's the biggest and most talented laden AI operations force."

medium.com

What is Artificial Intelligence
"Think about Watson, the computer that won Jeopardy!, Deep Blue, the computer that defeated a world champion chess player, and Google DeepMind's AlphaGo program, which defeated a South Korean master in the board game Go. AI is not science fiction
